

About IACI Chamber of Commerce Reciprocal Memberships

The Idaho Association of Commerce & Industry — *Employers Advocating Economic Opportunity in Idaho*® — is proud to offer reciprocal memberships to Idaho chambers of commerce. In addition, we are now offering the opportunity for IACI chamber members to offer a limited reciprocal CHAMP membership to their members for a low \$50 annual fee.

IACI members work to influence public policy to enhance Idaho’s business climate and promote economic opportunity and security for all employers, regardless of size. Throughout the year, IACI works on critical issues such as taxes, health care, environment, workers’ compensation, unemployment, employer liability, energy, and controlling the cost and growth of government. As an active member of IACI, and as a chamber of commerce in Idaho representing businesses in your community, we are excited to offer limited benefits to your stakeholders through this program.

Reciprocal memberships include eligibility to participate in and make use of:

- ✓ IACI Annual Public Policy Conference
- ✓ IACI Legislative Reception
- ✓ Idaho Prosperity Project Tools
- ✓ IACI Legislative Updates

For more information about IACI or our chamber reciprocal memberships, please contact Rose Walker at 208.343.1849 or rwalker@iaci.org.
